

Enable your leaders to become world-class coaches with Fuel50's Team Coach

With Fuel50's Team Coach, coaches, leaders and managers have a single dashboard to their talent. Get powerful insights on your teams based on their career DNA — their talents, skills, values, agility, fit and aspirations — and get automated coaching suggestions to support their career development.

The future of leadership and squad-building is here. Organizations with effective leaders have higher talent retention and engagement and are 13X more likely to outperform their industry competitors.

As reported by Development Dimensions International (DDI)

What Fuel50 Leaders includes

- An easy-to-use dashboard tailored for leaders, managers and coaches that gives a clear view of their teams and talent.
- Employee-matched coaching conversation starters, coaching scenarios and more resources.
- See talent career DNA, role history, feedback, goals and achievements, and generate reports.

Retention Risks

See talent retention risk factors at-a-glance for each of your team members.

Talent Analysis

Know how to get the most from your people with a direct view into their career DNA.

Organizational Alignment

Align your talent development to your organizational strategy with effective coaching conversations.
