

Fuel50's Mentor Matching is the future of internal career development

Support your people with internal networked learning. Find and connect with mentors, request mentorship at key stages of your career journey, or become a mentor to support others. Leaders can also use **Team Coach** to coach and support their mentees.

Unlock the future of networked talent development with full-cycle mentoring.

What Fuel50 Mentors includes

- Mentors and mentees can opt-in through an eligibility process.
- Mentees are suggested mentors based on their unique career DNA using Fuel50's specialized AI engine.
- Search for mentors using criteria and filters based on your mentoring needs.
- Mentors can adjust their profile's visibility based on their current mentor status.
- Through Team Coach leaders can track coaching progress and add notes.

Self-Driven Career Development

Support your internal culture of networked talent development and career growth in a scalable, sustainable and employee-driven marketplace.

Develop Core Capabilities

Focus learning on core capabilities and talent shortages whilst supporting internal talent monitoring without a moderated matching service.

Business Impact

Enable your experienced talent to broaden their business impact, supporting others when they need it most at crucial career and role stages.

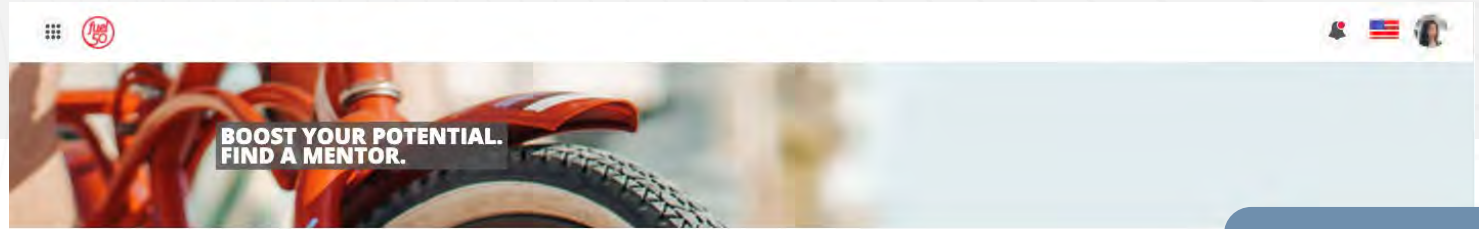

FEATURE FOCUS

Unlock the future of networked talent development with full-cycle mentoring.

Fuel50's Mentor Matching is the future of internal career development

Support your people with internal networked learning. Find and connect with mentors, request mentorship at key stages of your career journey, or become a mentor to support others. Leaders can also use Team Coach to coach and support their mentees.

Raise my

Nikki Divine

Product Sales Manager

I am an experienced Product Sales Manager in the sales department. Having worked in a variety of different industries, I am focused on achieving growth and hitting sales targets by successfully managing my sales team. I enjoy designing and implementing strategic sales plans that help expand my organization's customer base and ensure it's strong presence.

Profile Discoverable

Your profile is not currently discoverable, as you have it turned off in your settings. This means people cannot contact you for mentoring and you will not show in any searches.
